**Promise to Our Planet**

**Annalee Andres, Worship Associate**

As members of the family of living beings on earth,  
we are guided by the Unitarian Universalist principle of  
“respect for the interdependent web of all existence,  
of which we are a part.”

With hearts filled with love for it,  
eyes nurtured by its beauty,  
and minds ruminating on ways to protect  
Earth’s sacred and abundant resources,  
we promise to nurture the wellbeing of all life,  
and of the planet itself.
